

Adding Fun, Networking and Learning to Meetings & Events Since 1987!

Dear Ed,

Help your team join the "**Green Revolution**" by incorporating an environmentally enlightening team experience produced by Corporate Event Enterprises!

As sustainability and the environment become major issues in meetings and events, CEE now offers a variety of environmentally enlightening programs to reflect this trend and serious issue....

The Green Team Challenge - A team experience with challenge initiatives and an experiential-based discussion focused on the environment and sustainability.

The Hunt for Sustainability - An interactive adventure hunt in which teams solve environmental riddle and puzzle clues to find specific examples of sustainability in an urban environment.

Bike Building Workshop - Assemble bikes for children from a local charitable organization and encourage their use as a life-long form of alternative transportation.

Building a Sustainable Future - Explore your team's creativity and vision of the future by creating a tabletop model of an environmentally sustainable community using craft supplies and ordinary household items.

Lights Camera Action: Go Green - Allow participants to creatively express their ideas on recycling, renewable energy, pollution, global warming and other environmental issues that may affect their work and personal lives.

Consider a Green Theme for...

- Employee Events
- Industry and Sales Conferences
- Team Workshops

Your team will...

- Experience an environmentally-friendly activity
- Give Back to the Community and World!
- Be Enlightened

To learn more about the programs above or other team-oriented programs, contact us at cee@corpevent.com or 312-540-1000 and see how we may be able to develop an environmentally friendly program for your group!

Thank You,

Your Corporate Event Enterprises "Green Team"
